Dear Ms. DeCarmine,

This report shows a correcting entry of \$15,353.13 related to interest income. By way of explanation, in order to report the TOMPAC interest on a timely basis we reviewed the interest statements on-line. However, in reconciling our books it appears that some short-term interest accrued since May, 2007 was itemized on-line prior to actually being deposited in our bank account. TOMPAC reported this interest when it appeared on-line and again when it was deposited into our bank account. Thus, \$15,353.13 in interest was reported twice. After consulting with our reports analyst regarding this situation, we are now backing out the interest that was reported in error.

Sincerely,
Daniel Cannistra
Treasurer
